INTERIM MANAGEMENT'S DISCUSSION AND ANALYSIS
QUARTERLY HIGHLIGHTS
Three months ended June 30, 2018

This interim management discussion and analysis – quarterly highlights (“Interim MD&A”) has been prepared based on information available to DelphX Capital Markets Inc. (formerly, Seaside Exploration Partners Inc.) (“DelphX” or the “Company”) as at August 27, 2018. This Interim MD&A is based on information available to DelphX and updates disclosure previously provided in the Company’s Annual and interim MD&A’s, up to the date of this Interim MD&A and should be read in conjunction with the Company’s unaudited interim consolidated financial statements and the related notes as at and for the three and six months ended June 30, 2018 and 2017 (the “Unaudited Interim Consolidated Financial Statements”) and the Company’s audited consolidated financial statements for the years ended January 31, 2018 and 2017 and DelphX Corporation’s audited consolidated financials statements for the years ended December 31, 2017 and 2016 (together, the “Audited Consolidated Financial Statements”). Both the Audited Consolidated Financial Statements and the Unaudited Interim Consolidated Financial Statements have been prepared by management in accordance with International Financial Reporting Standards (“IFRS”) and all amounts are expressed in Canadian dollars unless otherwise noted. Other information contained in this Interim MD&A has also been prepared by management and is consistent with the data contained in the Financial Statements. Additional information relating to the Company can be found on SEDAR at www.sedar.com or on the Company’s website at www.delphx.com.

As the Company is a Venture Issuer (as defined under under *National Instrument 52-109 Certification of Disclosure in Issuers’ Annual and Interim Filings*) (“NI 52-109”), the Company and Management are not required to include representations relating to the evaluation, design, establishment and/or maintenance of disclosure controls and procedures (“DC&P”) and/or ICFR, as defined in NI 52-109, **nor has it completed such an evaluation**. Inherent limitations on the ability of the certifying officers to design and implement on a cost-effective bases DC&P and ICFR for the issuer may result in additional risks of quality, reliability, transparency and timeliness of interim and annual filings and other reports provided under securities legislation.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING INFORMATION AND STATEMENTS

This document contains “forward-looking statements” which may include, but are not limited to, statements with respect to the future financial or operating performance of DelphX or future events related to DelphX which reflect expectations regarding growth, results of operations, performance, business prospects or opportunities or industry performance or trends. These forward-looking statements reflect DelphX’s current internal projections, expectations or beliefs and are based on information currently available to DelphX. Often, but not always, forward-looking statements can be identified by terminology such as “may”, “will”, “should”, “expect”, “intend”, “plan”, “anticipate”, “believe”, “predict”, “potential”, “continue”, “budget”, “schedule”, “estimate”, “forecast” or variations (including negative variations) of such words and phrases, or statements that certain actions, events or results “may”, “could”, “would”, “might” or “will” be taken, occur or be achieved. Forward-looking statements involve known and unknown risks, uncertainties, assumptions and other factors that may cause the actual results, performance or achievements expressed or implied by the forward-looking statements to differ materially from those anticipated in such statements. Such factors include, among others: general business, economic, competitive, political and social uncertainties; changes in project parameters as plans continue to be refined; changes in labour costs and other costs of materials, equipment or processes to operate as anticipated; accidents, labour disputes and other risks and delays in obtaining governmental approvals or financing or in the completion of research and development activities. Although DelphX has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results to differ from those anticipated, estimated or intended. Forward-looking statements contained herein are made as of the date of this Interim MD&A and, unless otherwise required by applicable securities laws, DelphX disclaims any obligation to update any forward-looking statements, whether as a result of new information, future events or results or otherwise. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements.

INTERIM MANAGEMENT'S DISCUSSION AND ANALYSIS
QUARTERLY HIGHLIGHTS
Three months ended June 30, 2018

General

DelphX Capital Markets Inc. (“**DelphX**” or the “**Company**”) was incorporated as Seaside Exploration Partners Corp. (“**Seaside**”) on October 21, 2016, pursuant to the *Business Corporations Act* (British Columbia), and was a Capital Pool Company, pursuant to the policies of the TSX Venture Exchange (“**TSXV**”). On April 25, 2018, DelphX and Seaside completed a Qualifying Transaction (“**QT**”), as such is defined pursuant to TSXV Policy 2.4) pursuant to a definitive share-exchange agreement dated December 12, 2017. The QT constituted a reverse take-over of Seaside. Details of the QT are disclosed in note 18.

The principal address of the Company is 137 Glasgow St., Unit 445, Kitchener, Ontario, N2G 4X8. DelphX's principal business activity is to develop and operate a global facility for transparent offering, purchase, sale, collection and storage of certain fixed income securities and derivatives, and to manage date, research, analytics and valuations of such instruments. The Company is still in its research and developments phase and has not yet started operations.

The Unaudited Interim Consolidated Financial Statements have been prepared using International Financial Reporting Standards (“IFRS”) applicable to a going concern, which contemplates the realization of assets and settlement of liabilities as they fall due in the normal course of business for the foreseeable future. As the Company is in the development stage and has not yet realized profitable operations, it has relied on non-operational sources of financing to fund operations. DelphX's ability to continue as a going concern is dependent on successfully executing its business plan, which includes the raising of additional funds. The Company will continue to seek additional forms of debt and/or equity financing, but it cannot provide assurance that it will be successful in doing so. These material uncertainties lend significant doubt as to the ability of the Company to meet its obligations as they come due and, accordingly, the appropriateness, ultimately, of the use of accounting principles applicable to a going concern. The Unaudited Interim Consolidated Financial Statements do not reflect the adjustments to the carrying amounts of assets and liabilities and the reported expenses and consolidated statement of financial position classifications that would be necessary if the Company were unable to realize its assets and settle its liabilities as a going concern in the normal course of operations. Such adjustments could be material.

The Unaudited Interim Consolidated Financial Statements have been prepared in accordance with *International Accounting Standards (“IAS”) 34 ‘Interim Financial Reporting’* using accounting policies consistent with the IFRS issued by the International Accounting Standards Board (“IASB”) and Interpretations of the International Financial Reporting Interpretations Committee (“IFRIC”). They consolidate the accounts of the Company and all its subsidiaries. The Company acquired 100% of the issued and outstanding shares of DelphX Services Corporation (“**DSC**”) on November 27, 2017. DSC is an SEC-registered securities broker-dealer that was previously owned by the Company's President and CEO and has an objective to manage the DelphX Alternative Trading System (“**ATS**”). The Company's other wholly-owned subsidiaries are as follows: DelphX Data Corporation (incorporated on February 21, 2018, pursuant to the laws of Canada); Quantem Capital Corporation (incorporated on April 11, 2018, pursuant to the laws of Bermuda). The Unaudited Interim Consolidated Financial Statements include the financial position, results of operations and cash flows of its subsidiaries subsequent to acquisition or formation.

The Unaudited Interim Consolidated Financial Statements were authorized for issuance by the Board of Directors of the Company on August 27, 2018.

Transaction with Seaside Exploration Partners Inc. (“Seaside”)

The Company completed a qualifying transaction (“QT”) on April 25, 2018, as such is defined pursuant to TSXV Policy 2.4) pursuant to a definitive share-exchange agreement dated December 12, 2017. The QT constitutes a reverse-takeover of Seaside but does not meet the definition of a business combination, and therefore *IFRS 3 Business Combinations* is not applicable. As a result, and in accordance with reverse take-over accounting for a transaction that is **not** considered a business combination:

- a) Seaside is treated as the acquiree and DelphX is treated as the acquirer and therefore, the go-forward entity is deemed to be a continuation of DelphX and DelphX is deemed to have acquired control of the assets and business of Seaside in the consideration of the issuance of capital, options and warrants, as applicable.

For accounting purposes, DelphX is deemed to have issued the following securities in exchange for the net assets of Seaside:

The fair value of the consideration issued for the net assets of Seaside is as follows:

	\$
24,052,570 common shares valued at \$0.35 per share	1,418,400
400,000 Options valued at \$0.287 ¹ per option	114,800
107,430 Agent Options value at \$0.262 ² per Agent Option	28,147
	1,561,347

Allocated to Seaside's net assets:

	\$
Cash	186,543
Prepaid	15,000
Net assets	201,543
Cost of listing (expensed)	1,359,804
	1,561,347

¹The fair value of the options was calculated using the Black-Scholes option pricing model with the following assumptions: Risk-free interest rate of 1.65%, volatility of 165.34%, share price of \$0.35 and dividends of nil.

²The fair value of the Agent Options was calculated using the Black-Scholes option pricing model with the following assumptions: Risk-free interest rate of 1.88%, volatility of 102.29%, share price of \$0.35 and dividends of nil.

- b) Seaside's share capital (net of issuance costs) and contributed surplus are eliminated by a charge to retained earnings.
- c) The assets and liabilities of Seaside are included in the consolidated statements of financial position at their historical carrying values, which approximates their fair values. The assets and liabilities of DelphX are included in the consolidated financial statements of financial position at their fair values.

Financial condition

As at June 30, 2018, the Company had assets totaling \$2,384,312 and shareholders' equity of \$2,121,537. This compares with assets of \$4,346,486 and shareholders' equity of \$533,544, as at December 31, 2017.

During the quarter ended June 30, 2018, the Company's net assets increased by \$1,977,768, the result of a decrease in assets of \$1,808,004, offset by a decrease in liabilities of \$3,576,511. The decrease in assets was the result of an increase in cash of \$1,828,713 (cash used for operating activities of \$1,961,867, cash used for investing activities of \$58,552, offset by cash provided from financing activities of \$3,849,133), increases in HST recoverable of \$71,402, GIC's of \$27,500, prepaid expenditures of \$17,566 and due from related parties of \$50,148 (see *Related-party transactions and balances* section of this MD&A). These increases were offset by a decrease in funds held in escrow of \$3,771,473, as the Company completed the QT.

The decrease in liabilities of \$3,550,167, resulted from a decrease to subscription rights (again the result of the completion of the QT) offset by an increase in accounts payable and accrued liabilities of \$220,129.

Operations

In its news release dated May 10, 2018, the Company announced that it would be unveiling a new alternative trading system (“**ATS**”) and new securities products through its subsidiaries, DelphX Services and Quantem, which are designed to provide a securities-based alternative to the single-name Credit Default Swap (CDS) derivatives market, at the Fixed Income Leaders’ Summit USA, which convened in Boston on June 6 to 8, 2018.

Subject to necessary Financial Industry Regulatory Authority (FINRA) approval and SEC filings, the DelphX ATS will enable qualified institutional buyers to negotiate, purchase and trade new forms of securities that will be linked to referenced credit default risk and provide credit protection for underlying U.S. dollar denominated corporate, municipal and sovereign debt securities.

The DelphX ATS will employ its trading technologies to enable participants to anonymously negotiate and trade the following new Quantem securities:

- Covered Put Option (CPO) securities that provide secured default protection for U.S. dollar-denominated corporate, municipal and sovereign securities, with each CPO strike-price equaling the par value of its underlying security; and
- Covered Reference Note (CRN) securities that allow investors to take on exposure to the default risk of a single underlying security or to participate in a pool of diverse risks that employs actuarial science to broadly diffuse the risk impact of credit events among all participants.

The DelphX ATS will maintain a proprietary Distributed Ledger for transparent and immutable post-trade reporting, verification, and recordkeeping. All trades executed on the DelphX ATS will be maintained on the Ledger to enable real-time trade reporting and verification. Securities records on the Ledger will also be maintained in parallel with traditional book-entry records kept by the issuing and paying agent to provide additional post-trade efficiency, transparency and security.

Corporate

Issuance of shares

- (i) In June 2018, 108,162 common shares were issued with the exercise of an equal number of broker warrants, raising proceeds of \$15,169. In addition, the fair value of the exercised broker warrants of \$27,374 was transferred from warrants to the share capital account.
- (ii) In May 2018, the Company issued 300,000 common shares on the exercise of the same number of options, raising proceeds of \$30,000. In addition, the fair value of the exercised options of \$88,100 was transferred from contributed surplus to the share capital account.
